BAD NEGRO ARRESTED

Chief of Police Culver arrested today Horace Stayton, a supposed bad negro, and as he had a fine 38-colt's pistol loaded all round, the penalty and costs amounted to \$15.00.
It seems that Stayton was making some threats and showing indications of wanting to go on the war-path. He is also thought to have been implicated in the shooting into the house of J. H. Gilbert, for which Otto Willard, a negro, was held to the grand jury in the sum of \$500.00.

In Selecting a Bank

with which to do your business the first consideration is the character and standing of its officers and directors and the financial resources of the Bank.
Judged by these standards your confidence and patronage are merited by the

ROFF LIVERY BARN BURNS

The livery barn of Cooper Bros., at Roff, was burned this morning between 2 and 3 o'clock.

The loss was a heavy one, as about twenty head of horses, vehicles and feed, amounting possibly to \$5,000 or more, were burned, with about \$1700 insurance.

The News has not learned the origin of the fire.

Office Deputy Sheriff Miles lost his fine team of horses in this fire at Roff. It was one of the best teams in this section.

Sheriff Smith and County Attorney Wimbish had driven the team to Roff yesterday evening to investigate the killing of Arthur Seabolt by his father-in-law, Grundy Callahan.

Preparing for Road Work.

Guthrie, Ok., Dec. 17.—At the meeting of the board of control of state prisons held yesterday the superintendent was authorized to purchase rock crushers and material that will enable the board to order road work started. A construction man will be engaged to lay preliminary plans for a penitentiary building. The state has 100 acres of land lying a short distance west of old North McAlester, which the convicts will cultivate as soon as the season permits. The indications are that no action will be taken by the board on the annual report of Miss Kate Banard, leaving that to the legislature. As rapidly as possible, however, the state will get its prisoners home.

Ada's public schools took a recess this evening until after the holidays.

KILLED SON-IN-LAW

Grundy Callahan Shot Arthur Seabolt.

Grundy Callahan, who lives near Roff, shot and killed his son-in-law, Arthur Seabolt, yesterday evening.

Seabolt was advancing on Callahan with a pitchfork, when the latter shot the former with a pistol. Seabolt died in about forty minutes.

So far as the particulars leading up to the tragedy can be learned by a reporter of the News, they are in substance as follows:

Grundy Callahan's daughter has an allotment on which her father has been making his home.

Last year she married Arthur Seabolt, and it is reported he mistreated her. This is said to have been the basis of the enmity between Callahan and Seabolt.

Recently, Seabolt got his wife to have her father to move off of her allotment, so as they could go on it, and Callahan moved yesterday, except one load, which he had returned for.

Callahan found Seabolt on the premises and the old trouble between them was renewed, with the result that Seabolt grabbed a pitchfork and started toward Callahan, when the latter pulled his pistol and shot Seabolt through the breast, resulting in death.

Callahan went to Roff and surrendered to an officer and was brought to Ada last night, where he was guarded by friends until today.

Callahan has not yet been arraigned.

Prosecuting Attorney Wimbish and Sheriff Smith went to Roff yesterday evening and will return at 4 o'clock this evening. Their trip was for the purpose of investigating the killing, so some action will be taken upon their return. For the present, Callahan is under guard.

Another version of the killing, is to the effect, that Callahan shot Seabolt as he came out of the crib with an arm full of corn, and as Seabolt fell, Callahan shot him three more times, each ball striking him. It is said that Seabolt begged Callahan not to shoot him again.

MRS. CROWDER, MISS M'GEE.

Will Direct Benefit Recital at Opera House This Evening—Don't Miss It.

The leading recital talent, both in reading and in music will direct the entertainment program at the opera house this evening.

The recital this evening is in the benefit of sidewalk improvements around the city school properties.

Such a laudable spirit possessed by those who know how and propose to appear before the public in recital should afford a large and appreciative audience.

Mrs. Crowder has for several years been a successful music teacher in this city.

Miss Grace McGee is recognized as a reader of unusual ability which added to other undoubted attractive accomplishments has secured for her general good will and confidence.

These ladies leading in the recital direction this evening guarantees pleasure to those attending.

Writ of Error Allowed West.

Guthrie, Ok., Dec. 16.—Chief Justice Williams of the supreme court today allowed a writ of error for an appeal of the case recently decided by it in which the authority of the attorney general to institute suit in the district court was defined. The case resulted over the hearing of Attorney General West's suit against the Prairie Oil and Gas Company, which was stopped by the supreme court granting a writ of prohibition upon the application of Gov. Haskell against the Logan county district court. Hearing of the question resulted adversely to the attorney general. Service in the appeal will be obtained upon the governor's attorneys tomorrow, following which Assistant Attorney General Spillman will go to Washington to make the presentation.

RATES AND RULES.

Local Readers per line 5c.

Local Readers per line black face 7c

All Notices will be charged for except announcements for religious services. Copy for display ads must be in office by 2:00 p. m. If you fail to get your paper phone No. 4.

The News was extolling the balmy breezes, the bright sunshine and spring-like weather yesterday evening when along came a Kansas blizzard. It was a mean trick, but the gulf wind will soon send it scurrying back where it belongs.

The stores of Ada are crowded with shoppers, and especially are those doing a rushing business who advertise in the News. It will pay you to trade with the live merchant who advertises, because he has the new goods at reasonable prices.

In arranging to buy your Christmas presents, remember those more unfortunate than yourself. Your greater pleasure ought to be in doing a kindness to those in distress and who are destitute, instead of giving to those who are not in need or squandered on yourself.

Every industrial plant in Ada that is using steam, ought to have a whistle and blow it three times a day. It might be that some nervous people would object, but such a chorus of sound would indicate to the stranger the existence in Ada of more industries than is thought. This is an instance where in the "blowing of your own horn" is not in bad taste. The News trusts to soon hear all the whistles going and each one in a different key, so as to make a symphony of sound that will be pleasing to the ear as well as indicative of bustling business.

The News is having the school law investigated and the enforcement of its requirements will be insisted upon. There are too many boys of school age, loafing on the streets of Ada. In addition to depriving them of an education, so as they may become better citizens, it is likely to result in the raising of criminals to be an expense to the state and county in future. Many of these boys go about the streets of Ada smoking cigarettes and using profane language with a fluency that would stagger a sea captain.

(Continued on page 4.)

GOVERNMENT IRRIGATION

IN THE PECOS VALLEY

The Carlsbad reclamation project will reclaim 47,000 acres of wonderfully fertile land. Great ranches giving way to small farms.

One of the greatest and most far-reaching acts for public good ever introduced is the Carey Act of Congress passed in 1894. This act provides that each state may select a million acres of land and control the irrigation and sale of it.

By means of this provision many millions of acres hitherto worthless land in the arid region of the West have been reclaimed and made to blossom like a rose. Very rapidly is the term desert land being scratched from the Western geographies and in its place are pictures of wonderfully productive valleys. The millions of dollars used in almost the smallest of the projects have proven to be the best investments ever made by the government. In addition to reclaiming the immediate lands each side the showing made of the productivity of the soil under scientific irrigation has incited individual effort to such an extent as to make the direct returns almost incalculable.

Among the many projects now in operation and nearing completion there is none more interesting than that of the Carlsbad project of the Pecos Valley in New Mexico. This valley has long been famous for its fertility of soil and the perfection of its climate.

A little extract from an article by F. L. Vandergrift will give an insight into the work that is being carried on there. The Carlsbad project includes two reservoirs and a system of canals stretching 22 miles southward to a junction with Black River, a tributary of the Pecos, and below that nine miles to Red Bluff. One of the reservoirs known as McMillan Lake, is twelve miles north of Avalon, and is to be used for storage. Both are natural basins. McMillan is similar in construction to Hondo, earthen dams supplementing intervening hills of the mesa. Avalon is a cement dam across the river, behind which a natural depression of the earth's surface makes room for an extensive reservoir. This reservoir is for the distribution of the water by means of a delivery canal which runs around the dam.

The earthen embankment of McMillan supplementing the mesa aggregating 2,200 feet. The lake, by an irregular shore line, is 8 miles long by 4 1-2 miles wide, and at its lower end 25 feet deep. It is shallow and its capacity is 16,000 acre feet but into it continually flows at low water 100 cubic feet of water per second, and at flood times 80,000 cubic feet of water per second. For floods, adequate spillways are provided. From McMillan Lake, water, when needed, will be discharged into the river and be recaptured by Avalon dam.

Avalon Lake covers 600 acres and will hold 6,000 acres feet of water, which will be maintained by drawing upon McMillan Lake. Avalon dam is at a narrow gorge of the river, and is constructed of cement and iron reinforced with heavy stone on its lower side and earth paved with stone on its upper. The cement and iron are set 12 feet into the bed of the stream and the dam stands 45 feet above low water, including the earth and stone, the base of the dam at the river bed is 265 feet wide, and at the crest 45 feet. The dam is not confined to the narrow gorge of the river but extends along the surface above the bluff, on the west side of the stream to the highest mesa. The total length of the crest is 1,350 feet. The other end of the dam is set into a lime-stone bluff. Floods escape by cement spillways, so firmly constructed and so wide that they carry off any torrent.

The delivery canal is 6 1-2 feet deep, 45 feet wide at the bottom and 65 feet wide at the top, cut through the east bluff. Two main canals carry the water to the fields—one on the east side of the river and one on the west side. The water divides 3 1-2 miles below the dam. The west canal is carried over the river by a cement aqueduct 500 feet long by 48 feet high and 25 feet wide, and beneath Dark Canyon, a torrential stream, by a cement siphon 350 feet long. Not a foot of wood is used in the construction of any part of the Carlsbad project, from the reservoirs to Black River and Red Bluff. This entire work is of cement.

and iron, except, of course the earth and stone reinforcements. Even the gates are of iron and cement. It is a work that will endure for all time. In its construction the engineers have had the lesson of the failure of earthen dams and spillways which were adopted by the water user's association, which originally established the Carlsbad project. For a short time this association supplied water for a limited area of land, which became no less productive than the land adjacent to the Northern canal near Roswell, but floods carried out the dam, and finally the project was taken over by the government and now it has come to stay.

The first apportionment of water from the Carlsbad project is for 20,000 acres and government experts have selected the lands. This is for normal flow of water.

Supplement to The Evening News

ADA, OKLAHOMA, FRIDAY, DECEMBER 18, 1908

ASSAULTED YOUNG GIRL.

She Is in a Critical Condition—Man Is Under Arrest.

Chickasha, Okla., Dec. 16.—Charged with criminal assault upon Addie Willis, a pretty girl of 15 years, who from the effects is said to be in a critical condition, at the home of her sister, Phil Payne, 30 years old, languishes in the county jail awaiting grand jury action.

Miss Willis attended a picture show downtown last night. She alleges that on her way home she was accosted by Payne, who compelled her at the point of a revolver to accompany him to his room, where she was cruelly ravished. She asserts that she was released at 2 o'clock in the morning, weak and scarcely able to get home.

Payne came here a short time ago from Lawton and has been employed by A. B. Morgan. His conduct heretofore has not warranted a belief that he would be guilty of an act of this nature.

The grand jury is in session and it is expected that an indictment will be returned tomorrow. The case probably will be tried in January.

Accidentally Shot His Child.

Sallisaw, Ok., Dec. 16.—Arriving at home last night from an official trip to Fort Smith, Ark., Under-sheriff Jesse Goodman, entering his bed room, unbuckled his belt and threw belt, holster and revolver under the bed, the revolver automatically discharging as it hit the floor. The bullet struck Goodman's little girl in the wrist, severely fracturing the bones of her forearm.

TICKETS OR PAY PENALTY.

Corporation Commission Permits Railroads to Charge Excess.

Guthrie, Ok., Dec. 17.—The state corporation commission issued a proposed order today, hearing upon which will be had Jan. 20, providing that where passengers fail to purchase railroad tickets and the company forced to collect fare on the trains, the company may charge the

passenger a penalty, that is not to be rebated. Where the fare is 50c or less the company may charge a penalty of 10c; over 50c and less than \$1.50, the penalty is 25c, and where the fare is over \$1.50, the excess that may be charged upon trains is 50c. The commission's proposed rule will not apply at stations not equipped for selling tickets, neither at stations where the ticket office is not open for one hour before the actual departure of trains. The order states that by such a rule the commission will be enabled to accurately secure a railroad company's passenger receipts.

A similar rule is in force in the state of Kansas. At present in Oklahoma an excess is charged when fare is paid to the conductor or train auditor, but the passenger's receipt is redeemable at any ticket office for 10c. Under the proposed order there would be no rebate.

BAD NEGRO ARRESTED

Chief of Police Gilbert arrested today Horace Saxton, a negro, and as he had a fine gold pistol loaded with round the point and costs amounting to \$100.
It seems this Saxton was making some threats and showing indications of wanting to go on the war path. He also thought to have been implicated in the shooting of the house of J. H. Gilbert for which Otto Wilbur, a negro, was held to trial in the sum of \$900.00.

ROFF LIVERY BARN BURNS

The livery barn of Cooper Bros at Roff was burned this morning between 2 and 3 o'clock.
The loss was a heavy one as about twenty head of horses, vehicles and feed amounting possibly to \$5,000 or more were burned with about \$1700 insurance.

The News has now learned the origin of the fire.

Office Deputy Sheriff Miles lost his fine team of horses in this fire at Roff. It was one of the best teams in this section.

Sheriff Smith and County Attorney Wimish had driven the team to Roff yesterday evening to investigate the killing of Arthur Seabolt by his son-in-law Grundy Callahan.

Preparing for Road Work.

Guthrie Ok Dec 17.—At the meeting of the board of control of state prisons held yesterday the superintendent was authorized to purchase rock crushers and material that will enable the board to order road work started. A construction man will be engaged to lay preliminary plans for a penitentiary building. The state has 100 acres of land lying a short distance west of old North Mead, on which the convicts will cultivate as soon as the season permits. The indications are that no action will be taken by the board on the annual report of Miss Kate Brand leaving that to the legislature. As rapidly as possible however the state will get its prisoners home.

Admission to the schools took place this evening until after the holidays.

KILLED SON-IN-LAW

Grundy Callahan Shot Arthur Seabolt.

Grundy Callahan, who lives near Roff, shot and killed his son-in-law, Arthur Seabolt, yesterday evening. Seabolt was advancing on Callahan with a pitchfork, when the latter shot the former with a pistol. Seabolt died in about forty minutes.

So far as the particulars leading up to the tragedy can be learned by a reporter of the News they are in substance as follows:

Grundy Callahan's daughter has an allotment on which her father has been making his home.

Last year she married Arthur Seabolt and it is reported he mistreated her. This is said to have been the basis of the enmity between Callahan and Seabolt.

Recently Seabolt got his wife to leave her father to move off of her allotment so as they could go on it and Callahan moved yesterday except one load which he had retained for

Callahan found Seabolt on the premises and the old trouble between them was renewed with the result that Seabolt grabbed a pitchfork and started toward Callahan when the latter pulled his pistol and shot Seabolt through the breast resulting in death.

Callahan went to Roff and suited up to an office and was brought to Ada last night where he was awarded 100 bonds until today. Callahan has not yet been arraigned.

Prosecuting Attorney Wimish and Sheriff Smith went to Roff yesterday evening and will return at 4 o'clock this evening. Their trip was for the purpose of investigating the killing so some action will be taken upon their return. For the present Callahan is under guard.

Another version of the killing is to the effect that Callahan shot Seabolt as he came out of the crib with an arm full of corn and as Seabolt fell Callahan shot him three more times each ball striking him. It is said that Seabolt begged Callahan not to shoot him again.

MRS. CROWDER, MISS M'GEE.

Will Direct Benefit Recital at Opera House This Evening—Don't Miss It.

The leading recital talent both in reading and in music will direct the entertainment program at the opera house this evening.

The recital this evening is in the benefit of sidewalks improvements around the city school properties.

Such a laudable spirit possessed by those who know how and propose to appear before the public in recital should afford a large and appreciative audience.

Mrs. Crowder has for several years been a successful music teacher in this city.

Miss Grace McGee is recognized as a reader of unusual ability which added to other undoubted attractive accomplishments has secured for her general good will and confidence.

These ladies leading in the recital direction this evening guarantees pleasure to those attending.

Writ of Error Allowed West.

Guthrie Ok Dec 16.—Chief Justice Williams of the supreme court today allowed a writ of error for an appeal of the case recently decided by it in which the authority of the attorney general to institute suit in the district court was defined. The case resulted over the hearing of Attorney General West's suit against the Prairie Oil and Gas Company which was stopped by the supreme court granting a writ of prohibition upon the application of Gov. Haskell against the Logan county district court. Hearing of the question resulted adversely to the attorney general. Service in the appeal will be obtained upon the governor's attorneys tomorrow, following which Assistant Attorney General Spillman will go to Washington to make the presentation.

RATES AND RULES.

Local Readers per line 5c

Local Readers per line black face 7c

All Notices will be charged for except announcements for religious services. Copy for display ads must be in office by 2:00 p.m. If you fail to get your paper phone No. 4.

The News was exulting, the valley freezes the bright sunshine and spring-like warmth yesterday evening when a blizzard came. A blizzard it was a blizzard but the blizzard will soon be a blizzard and it is a blizzard.

The stores of Ada are crowded with shoppers and especially are those doing a rushing business who advertise in the News. It will pay you to trade with the live merchant who advertises because he has the new goods at a reasonable price.

In attempts to buy your Christmas presents, remember those more unfortunate than you. You are a kinder person to be in distress and who is destitute instead of giving to those who are not in need or squandering on yourself.

Every industrial plant in Ada that is using steam ought to have a whistle and blow it three times a day. It might be that some nervous people would object but such a chorus of sound would indicate to the stranger the existence in Ada of more industries than is thought. This is in instance where in the blowing of your own horn is not in bad taste. The News trusts to soon hear all the whistles going and each one in a different key so as to make a symphony of sound that will be pleasing to the ear as well as indicative of lasting business.

The News is having the school law investigated and the enforcement of its requirements will be insisted upon. There are too many boys of school age loitering on the streets of Ada in addition to depriving them of an education so as they may become better citizens it is likely to result in the raising of criminals to be an expense to the state and county in future. Many of these boys go about the streets of Ada smoking cigarettes and using profane language with a fluency that would stagger a sex capt.

(Continued on page 4.)

GOVERNMENT IRRIGATION

IN THE PECOS VALLEY

The Carlsbad Reclamation project will reclaim 4,000 acres of wonderfully fertile land. Great ranches giving way to small farms.

On the almost 600,000 acre Carlsbad Reclamation project, the Government is reclaiming 4,000 acres of wonderfully fertile land. Great ranches giving way to small farms. The project is a part of the Carlsbad Reclamation project, which is a part of the Carlsbad Reclamation project.

Among the many projects now in operation and nearing completion there is none more interesting than that of the Carlsbad project in the Pecos Valley in New Mexico. This valley has long been famous for its fertility of soil and the perfection of its climate. A little extract from an article in the "Agriculture" will give you a sight into the work that is being done on the Carlsbad project. The Carlsbad project includes two reservoirs and a system of canals stretching 22 miles southward to a junction with Black River, a tributary of the Pecos and below that nine miles to Red Bluff. One of the reservoirs known as McMillan Lake is twelve miles north of Afton and is to be used for storage. Both are natural basins. McMillan is similar in construction to Hondo, a rather deep supplementing intervening hills of the mesa. Afton is a cement dam across the river behind which a natural depression of the earth's surface makes room for an extensive reservoir. This reservoir is for the distribution of the water by means of a delivery canal which runs around the dam. The earthen embankment of McMillan supplementing the mesa aggregating 2,200 feet. The lake by an irregular shore line is 8 miles long by 4 1/2 miles wide and it is 100 feet deep. It is shallow and its capacity is 16,000 acre feet but into it continually flows at low water 100 cubic feet of water per second and it floods times 30,000 cubic feet of water per second. For floods adequate spillways are provided from McMillan Lake water when needed will be discharged into the river and be recaptured by Afton dam.

Afton Lake covers 600 acres and will hold 6,000 acres feet of water which will be maintained by drawing upon McMillan Lake. Afton dam is at a narrow gorge of the river and is constructed of cement and non reinforced with heavy stone on its lower side and earth paved with stone on its upper. The cement and non are set 12 feet into the bed of the stream and the dam stands 15 feet above low water including the earth and stone the base of the dam at the river bed is 265 feet wide and the crest 4 feet. The dam is not confined to the narrow gorge of the river but extends along the surface above the hill on the west side of the stream to the highest mesa. The total length of the crest is 1,370 feet. The other end of the dam is set into a limestone bluff. Floods escape by cement spillways so firmly constructed and so wide that they carry off any torrent. The delivery canal is 6 1/2 feet deep 45 feet wide at the bottom and 65 feet wide at the top cut through the east bluff. Two main canals carry the water to the fields—one on the east side of the river and one on the west side. The water divides 3 1/2 miles below the dam. The west canal is carried over the river by a cement aqueduct 500 feet long by 48 feet high and 25 feet wide and beneath Dark Canyon a torrential stream by a cement siphon 350 feet long. Not a foot of wood is used in the construction of any part of the Carlsbad project from the reservoirs to Black River and Red Bluff. This entire work is of cement.

Practically all the lands were provided up as desert entries which under the law required that the lands be reclaimed by irrigation (all of which is a matter of record). This property large enough for fourteen hundred homes is to be sold to the fourteen hundred persons purchasing a farm and town lots for a home in the town of Malaga on the Santa Fe R R which runs through this property. One farm and one town lot together will be sold for only \$150.00 on terms of \$10.00 cash and \$10.00 each month. Each purchaser will receive free of charge a warranty deed for a farm and lot. For business and sixty residence lots to be given to those putting up buildings by March 1st 1909.

Chandler Kola Oct 30th 1908
The Malaga Land & Improvement Co.,
Malaga New Mexico

Gentlemen
Some time ago I became an investor in your company through your agent and having such interest in the proposition I decided to make the trip to your good country and see for myself.

Am pleased to say that I made the trip to Malaga and spent some time going over the lands of the Company and talking with members of the Company. Also to my surprise I found plenty of water flowing through the town of Malaga. Find the proposition even better than I expected. Have gone over the Company's holdings and the government irrigation plant and find them all they are represented to be. The lands are good and so situated as to be easily irrigated. I am convinced that your Company is acting in good faith and the property you are selling is all that you represent it to be and am well pleased with my interest in it.

In conclusion with to say that I am convinced that your company is in a position to and will comply fully with every requirement of our contracts and certainly wish your success in the venture.

Yours very truly
H P AIKENS
Chandler Okla

20th Any purchaser who on the day of and before the distribution, after a thorough investigation can show that the Company has in any form or manner in its printed literature or correspondence misrepresented the property is hereby absolutely guaranteed the return of the price paid by said purchaser for all farms and lots purchased by said party.

We only have a few of these contracts left. Come to see us at once.

LOCAL OFFICE:
PEOPLE'S PHARMACY, Ada, Okla.

Supplement to The Evening News

ADA, OKLAHOMA, FRIDAY, DECEMBER 18, 1908

ASSAULTED YOUNG GIRL.

She Is in a Critical Condition—Man Is Under Arrest.

Chickasha, Okla., Dec. 16.—Charged with criminal assault upon Addie Willis, a pretty girl of 15 years, who from the effects is said to be in a critical condition, at the home of her sister, Phil Payne, 30 years old, languishes in the county jail awaiting grand jury action.

Miss Willis attended a picture show downtown last night. She alleges that on her way home she was accosted by Payne, who compelled her at the point of a revolver to accompany him to his room, where she was cruelly ravished. She asserts that she was released at 2 o'clock in the morning, weak and scarcely able to get home.

Payne came here a short time ago from Lawton and has been employed by A. B. Morgan. His conduct heretofore has not warranted a belief that he would be guilty of an act of this nature.

The grand jury is in session and it is expected that an indictment will be returned tomorrow. The case probably will be tried in January.

Accidentally Shot His Child.

Sallisaw, Ok., Dec. 16.—Arriving at home last night from an official trip to Fort Smith, Ark., Under-sheriff Jesse Goodman, entering his bed room, unbuckled his belt and threw belt, holster and revolver under the bed, the revolver automatically discharging as it hit the floor. The bullet struck Goodman's little girl in the wrist, severely fracturing the bones of her forearm.

TICKETS OR PAY PENALTY.

Corporation Commission Permits Railroads to Charge Excess.

Guthrie, Ok., Dec. 17.—The state expropriation commission issued a proposed order today, hearing upon which will be had Jan. 20, providing that where passengers fail to purchase railroad tickets and the company forced to collect fare on the trains, the company may charge the

passenger a penalty, that is not to be rebated. Where the fare is 50c or less the company may charge a penalty of 10c; over 50c and less than \$1.50, the penalty is 25c, and where the fare is over \$1.50, the excess that may be charged upon trains is 50c. The commission's proposed rule will not apply at stations not equipped for selling tickets, neither at stations where the ticket office is not open for one hour before the actual departure of trains. The order states that by such a rule the commission will be enabled to accurately secure a railroad company's passenger receipts.

A similar rule is in force in the state of Kansas. At present in Oklahoma an excess is charged when fare is paid to the conductor or train auditor, but the passenger's receipt is redeemable at any ticket office for 10c. Under the proposed order there would be no rebate.

BAD NEGRO ARRESTED

Chief of Police Collier arrested today Horace Sawyer, a negro, found with a pistol loaded with live shells and costs amounting to \$100.

It seems this Sawyer was making some threats and showing indications of writing a note on the wall path. He also thought to have been implicated in the shooting, into the house of J. H. Collier for which Otto Wallert a negro was held to the sum of \$500.00.

ROFF LIVERY BARN BURNS

The livery barn of Cooper Bros. at Roff was burned this morning between 2 and 3 o'clock.

The loss was a heavy one as about twenty head of horses vehicles and feed amounting possibly to \$5,000 or more were burned with about \$1700 insurance.

The News has not learned the origin of the fire.

Office Deputy Sheriff Miles lost his team of horses in this fire at Roff. It was one of the best teams in this section.

Sheriff Smith and County Attorney Wimbush had driven the team to Roff yesterday evening to investigate the killing of Arthur Seabolt by his father-in-law Grady Callahan.

Preparing for Road Work.

Condemn Ok. Dec. 17.—At the meeting of the board of control of state roads held yesterday the superintendent was authorized to purchase rock crushers and material that will enable the board to order road work started. A construction man will be engaged to lay preliminary plans for a punting building. The state has 100 miles of land from a short distance west of old North Mead to which the board will cultivate as soon as the season permits. The intention is that no action will be taken by the board on the annual report of Miss Kate Burdett leaving that to the legislature. As rapidly as possible however the state will get its prisoners home.

Ada public schools took a recess this evening until after the holidays.

KILLED SON-IN-LAW

Grady Callahan Shot
Arthur Seabolt.

Grady Callahan, who lives near Roff, shot and killed his son-in-law, Arthur Seabolt, yesterday evening.

Seabolt was yesterday on Callahan with a pitchfork, when the latter shot the former with a pistol. Seabolt died in about forty minutes.

So far as the particulars leading up to the tragedy can be learned by a reporter of the News they are in substance as follows:

Grady Callahan's daughter has an allotment on which her father has been making his home.

Last year she married Arthur Seabolt and it is reported he mistreated her. This is said to have been the basis of the enmity between Callahan and Seabolt.

Recently Seabolt got his wife to have her father to move off of her allotment so as they could go on it and Callahan met Seabolt yesterday except one told which he had returned for.

Callahan found Seabolt on the premises and the old trouble between them was renewed with the result that Seabolt gripped a pitchfork and started toward Callahan when the latter pulled his pistol and shot Seabolt through the breast resulting in death.

Callahan went to Roff and surrendered to an officer and was brought to Ada last night while he was guarded by hands until today.

Callahan has not yet been arraigned.

Prosecuting Attorney Wimbush and Sheriff Smith went to Roff yesterday evening and will return at 4 o'clock this evening. Their trip was for the purpose of investigating the killing so some action will be taken upon their return. For the present Callahan is under guard.

Another version of the killing is to the effect that Callahan shot Seabolt as he came out of the crib with an arm full of corn and as Seabolt fell Callahan shot him three more times each ball striking him. It is said that Seabolt begged Callahan not to shoot him again.

MRS. CROWDER, MISS M'GEE.

Will Direct Benefit Recital at Opera House This Evening—Don't Miss It.

The leading recital talent both in reading and in music will direct the entertainment program at the opera house this evening.

The recital this evening is in the benefit of sidewalk improvements around the city school properties.

Such a laudable spirit possessed by those who know how and propose to appear before the public in recital should afford a large and appreciative audience.

Mrs. Crowder has for several years been a successful music teacher in this city.

Miss Grace McGee is recognized as a reader of unusual ability which added to other undoubted attractive accomplishments has secured for her general good will and confidence.

These ladies leading in the recital direction this evening guarantee pleasure to those attending.

Writ of Error Allowed West.

Guthrie Ok. Dec. 16.—Chief Justice Williams of the supreme court today allowed a writ of error for an appeal of the case recently decided by it in which the authority of the attorney general to institute suit in the district court was defined. The case resulted over the hearing of Attorney General West's suit against the Prairie Oil and Gas Company which was stopped by the supreme court granting a writ of prohibition upon the application of Gov. Haskell against the Logan county district court. Hearing of the question resulted adversely to the attorney general. Service in the appeal will be obtained upon the governor's attorneys tomorrow, following which Assistant Attorney General Spillman will go to Washington to make the presentation.

Mules Wanted.
I will be in Ada for two or three days to buy some good mules. I want them in good flesh and young. Come and see me.

Supplement to The Evening News

ADA, OKLAHOMA, FRIDAY, DECEMBER 18, 1908

ASSAULTED YOUNG GIRL.

She Is in a Critical Condition—Man Is Under Arrest.

Chickasha, Okla., Dec. 16.—Charged with criminal assault upon Addie Willis, a pretty girl of 15 years, who from the effects is said to be in a critical condition, at the home of her sister, Phil Payne, 30 years old, languishes in the county jail awaiting grand jury action.

Miss Willis attended a picture show downtown last night. She alleges that on her way home she was accosted by Payne, who compelled her at the point of a revolver to accompany him to his room, where she was cruelly ravished. She asserts that she was released at 2 o'clock in the morning, weak and scarcely able to get home.

Payne came here a short time ago from Lawton and has been employed by A. B. Morgan. His conduct heretofore has not warranted a belief that he would be guilty of an act of this nature.

The grand jury is in session and it is expected that an indictment will be returned tomorrow. The case probably will be tried in January.

Accidentally Shot His Child.

Sallisaw, Ok., Dec. 16.—Arriving at home last night from an official trip to Fort Smith, Ark., Under-sheriff Jesse Goodman, entering his bed room, unbuckled his belt and threw belt, holster and revolver under the bed, the revolver automatically discharging as it hit the floor. The bullet struck Goodman's little girl in the wrist, severely fracturing the bones of her forearm.

TICKETS OR PAY PENALTY.

Corporation Commission Permits Railroads to Charge Excess.

Guthrie, Ok., Dec. 17.—The state corporation commission issued a proposed order today, hearing upon which will be had Jan. 20, providing that where passengers fail to purchase railroad tickets and the company forced to collect fare on the trains, the company may charge the

passenger a penalty, that is not to be rebated. Where the fare is 50c or less the company may charge a penalty of 10c; over 50c and less than \$1.50, the penalty is 25c, and where the fare is over \$1.50, the excess that may be charged upon trains is 50c. The commission's proposed rule will not apply at stations not equipped for selling tickets, neither at stations where the ticket office is not open for one hour before the actual departure of trains. The order states that by such a rule the commission will be enabled to accurately secure a railroad company's passenger receipts.

A similar rule is in force in the state of Kansas. At present in Oklahoma an excess is charged when fare is paid to the conductor or train auditor, but the passenger's receipt is redeemable at any ticket office for 10c. Under the proposed order there would be no rebate.
